Placement

OUR COMPANY SUGGESTS THE INSTALLATION BE CARRIED OUT AT A WORKSHOP OR BY QUALIFIED STAFF

- Clean the area around the engine.
- Place the closing segments as shown by (photo No1 & No2) after you have placed in square holes clips.
- Place rubber rings on the holes in the spoiler.
- Insert the spoiler in place to make sure that you have properly closed segments and tighten the closing segments in the engine.
- Tighten the screws after you have pressed well the rubber washers.
